Connor Owen Guitar Guitar Tuition

With nearly a decade of teaching experience, I offer guitar lessons tailored to students of all ages and skill levels. Whether you're a complete beginner or looking to refine advanced techniques, I provide a supportive and engaging learning environment to help you reach your musical goals.

During my formal training, I gained experience with both the Rockschoool and Trinity Rock & Pop syllabi. I'm happy to prepare students for graded exams using any accredited syllabus—or, if you prefer, we can focus on learning to play your favourite songs and developing your unique playing style.

In addition to guitar tuition, I also offer instruction in recording and music production. As an Apple Certified User of Logic Pro, I can provide guidance for those interested in recording for personal projects or seeking support with GCSE or A Level Music Technology coursework.

Lessons are available in person or online via video call, offering flexibility and accessibility no matter your location.
